Blow the Trumpet (Horn or Shofar)

The Ram's Horn (Sho'far in Hebrew) is one of the earliest musical instruments known to man. It is used to usher in the biblical festivals of Israel, including the Sabbath, and to inspire people to amend their lives and repent. It was developed by the early Hebrews and is made from the horn of an animal usually a ram, goat, sheep, or in modern times most are from a Kudu (Yeminite), or even a Gazelle from the antelope family.
